Your answer : Yolla is a mobile and web-based cargo marketplace designed to simplify the process of finding, comparing, and booking cargo services in Türkiye. Users can easily search for cargo options based on location, size, weight, and delivery time while comparing prices and services from multiple providers. The platform offers comprehensive service provider comparisons using various filters, real-time package tracking, and notifications, ensuring a smooth and user-friendly experience. With its responsive design, Yolla targets individual customers and SMEs by offering transparency, convenience, and efficiency in cargo delivery. Yolla aims to make cargo logistics accessible to everyone with the best price.
